My Apps Tab (Filter = All Apps)	Uninstaller Tab (Filter = Installed Apps)	Notes
<p>Apps in Library currently installed on PC as of 27-Mar - 2025</p> <p>Dell XPS 8950 Win 11 23H2 PMPC-HU version 5.1.1.0</p> <p>All Apps = Portable + non-portable apps in Library currently installed</p> <p>Note: All portable apps must be in the Library and installed via PMPC-HU to appear in My Apps. Non-portable apps must be in the Library but are not required to have been installed/added via PMPC-HU to appear in My Apps.</p> <p>Installed supported apps: 61 Non-Portables: 48 Portables: 13 (listed below) Adlice Protect Portable AdwCleaner CCleaner Portable DesktopOK ExifTool ExifToolGUI Portable FanControl Portable GPU-Z Nirlauncher OOShutUp10 Snappy Driver Installer Origin SysInternals Suite Tablacus Explorer</p> <p>Only FanControl from above list has both portable and non-portable forms installed.</p>	<p>Filters: All Apps, Installed Apps</p> <p>All Apps = all installed non-portable apps (i.e., listed in Programs & Features / uninstall data in registry, including ones not in the Library) + portable apps installed by PMPC.</p> <p>Installed Apps = Only apps in Library (supported) and currently installed.</p> <p>Non-portable apps which are not in the Library may be able to be uninstalled by PMPC-HU but cannot be reinstalled by PMPC-HU.</p> <p>Portable apps have no entry in Publisher column</p> <p>No description of installer package provided on App Library tab. Raises uncertainty about what actual app will be installed or type of installation.</p> <p>No info regarding about what program(s) will be uninstalled/affected on Uninstaller tab. For example, add actions to open file location of program executable or uninstall.exe.</p>	<p>Only supported apps (portable and/or non-portable) will appear on Uninstaller tab if Filter = Installed Apps (Installed = Supported or Re-Installable by PMPC)</p> <p>On Installer tab, Portable versions will not be displayed with "Portable" in app name unless both portable and non-portable versions are supported.</p> <p>Supported apps (12) which are available in PMPC-HU 5.1.1.0 as both Portable and Non-Portable are:</p> <p>Adlice Protect, AllDup, AnyDesk, CCleaner, Complete Internet Repair, CrystalDiskInfo, CrystalDiskMark, ExifToolGUI, FanControl, HDCleaner, PuTTY, Subtitle Workshop</p> <p>Note that ExifTool and Windows Repair are available as Portable only; however. they are named as follows:</p> <p>Name: ExifTool Portable</p>

My Apps Tab (Filter = All Apps)	Uninstaller Tab (Filter = Installed Apps)	Notes
	When updating an app, it could be a combination of uninstall and install info.	<p>Installer File: "Exiftool (x64) Portable_13.25.zip"</p> <p>Name: Windows Repair Portable</p> <p>Installer File: TBD</p> <p>Both apps are Portable only and would not be expected to have "Portable" in the name on Uninstaller tab or the name of installer file.</p> <p>--</p>
7-Zip	7-Zip 24.09 (x64)	For apps like 7-Zip which only have a non-portable version in the App Library, name differences highlighted in yellow are generally due to using the (raw) App Name on the My App/App Library tab and the Display Name from the Uninstall data in the registry (or from embedded properties) on the Uninstaller tab.
Adlice Protect (x64) Portable	Adlice Protect Portable (x64)	Portable & Non-Portable Only Portable is installed. Not clear why parts of the names are in different order.
AdwCleaner Portable	AdwCleaner	Portable only. No "Portable" in name on Uninstaller tab.
